Important Announcement

As we approach our Spring rainy season, we ask that all parents send their children with rain boots, raincoats, and a sufficient amount of clothes to change into. We would like the children to experience all types of weather for educational purposes.

St. Patrick's Day Party

March 17th @12:00pm

During our Friday Pizza Day, we will be honoring the Patron Saint of Ireland.

The children will learn the history of

Ireland and we will have arts and crafts and different Irish traditions and activities

More Important News

Labeled Items-

After the recent loss of items (clothes/lunch Tupperware) we have decided to request that all Tupperware and clothes be labeled with your child's name or initials. This will help all faculty to make sure that your child's things are not being misplaced.

Join the Adventure- S.T.E.A.M. Program

Coding teaches problem solving, logic, and critical thinking skills. Using Osmo Coding game system and iPads, students connect color coded game bricks to programs and control the character's moves on screen. As students progress they begin to think several steps ahead, anticipate problems, and resolve them before hitting play.

We are offering this program twice a week, being hosted on Mondays and Tuesdays at \$10.00/week. There are 3 positions left.

INTERNATIONAL WOMEN'S DAY – March 8th, 2017

International Women's Day, a global celebration of the economic, political and social achievements of women, took place for the first time on March 8, 1911. Many countries around the world celebrate the holiday with demonstrations, educational initiatives and customs such as presenting women with gifts and flowers. The United Nations has sponsored International Women's Day since 1975. When adopting its resolution on the observance of International Women's Day, the United Nations General Assembly cited the following reasons: "To recognize the fact that securing peace and social progress and the full enjoyment of human rights and fundamental freedoms require the active participation, equality and development of women; and to acknowledge the contribution of women to the strengthening of international peace and security."
